Dear Parents and Carers

With the summer break upon us, I wanted to draw your attention to some information that may support you in keeping your child safe.

### **SafeToNet app free for life**

The DfE has provided information for parents and carers on apps to help children stay safe online. [SafeToNet](#) is an app for parents to help them safeguard their children from online risks like cyberbullying and sexting, whilst respecting their child's rights to privacy. The SafeToNet Foundation is providing UK families with a free for life license when using the code provided through SafeToNet's cooperation with the UK government.

The code is 'COVID' and must be entered via [this link](#), which must be activated before August 1<sup>st</sup>. Once you have entered the code, you will be redirected to a page where you can register your parent account. It will only take a couple of minutes for you to verify your email address and create a parent account and you will then be able to download the SafeToNet app and use the software free for life.

### **See Hear Respond service in response to COVID-19**

[See Hear Respond](#) is a service provided across England by Barnardo's and other national and local community-based organisations in response to COVID-19. The programme has been created to help children and young people in England who are experiencing harm and increased adversity during this period, by providing support to those who are not being seen by social care or other key agencies.

Working with its partners, Barnardo's aims to reduce the likelihood of harm and ensure other support and protective networks are in place using:

- online digital support, including advice and information, online counselling and a telephone helpline
- face to face interventions, such as support for groups at risk outside the home and one to one support
- reintegration into education, including assessments and the delivery of support pathways back to education

See Hear Respond accept referrals from any source either through the Freephone number [0800 151 7015](tel:08001517015) or via the [online referral hub](#).

I hope that you find this information useful and wish you a safe and relaxing summer.

Yours sincerely,
