Re: Supporting our students

Dear Families,

We are always striving to ensure that our students develop into well rounded citizens that have a positive influence on society. This is developed through our continuous drive in embedding our Tudor habits such as opportunity and responsibility. We are therefore delighted to announce that Ben Jones in Y11 will be representing the Solihull Scout unit at the 25th World Scout Jamboree in South Korea in 2023.

Ben had to undergo a rigorous selection process to be one of 18 selected from the Solihull County to attend this once in a life time opportunity. Over 50 thousand Scouts from around the world will be meeting at the purpose-built campsite, where they will have the chance to meet with Scouts from nearly every country in the world, experience the ancient and interesting culture of South Korea while partaking in a variety of activities.

If you wish to read any further information about the Jamboree, the Scouting community has a dedicated website for this event- <https://www.scouts.org.uk/volunteers/running-your-section/international-scouts-and-events/international-events/wsj/>. There is also a short video from Ben which provides further information on this and can be found on the TGAK website or via this link: <https://tinyurl.com/Ben-Jones-Y11>

Our non-school uniform day scheduled for Friday 8th April 2022 will be used to support Ben with £1 donations towards this opportunity. In addition, there will also be a bake sale held during break and lunch periods. We will also be looking to donate part of the proceeds towards supporting charities working with Ukraine.

I would like to thank you for your continued support. Please contact the academy if you have any further questions.

Yours sincerely,

Nicola Crehan
Principal
Tudor Grange Academy Kingshurst
