Which Week?

This Week: 19th July Week 2
End of term: Tuesday 20th July

MASSIVE Thanks

As the year draws to a close I wanted to pay tribute to everyone pulling together. You don't need for me to outline the challenges of this year, but I am compelled to thank all of those staff members who have supported you through the strangest and most challenging year of anyone's career.

I'd like to pay respect to your tutors Safina and Subject Leaders for EVERYTHING that they have done this year.

Last but not least on the list of 'thanks' is Ellie Dudley. Sev-

eral of you will already be aware, but Ellie will be leaving us at the end of term in order to embark upon the next step of her own career, having secured a place on a PGCE for next year and journeying towards being an outstanding Primary school teacher. On behalf of the whole of Sixth Form, I would like to thank you for the incredible impact that you have had us this year and only wish that we could have kept hold of you for longer.

Quiz Champions 2021

Following a serious battle for quiz supremacy between both Mr Carrington's and Mrs John-Crosslin's groups over the course of the whole year, **I would like to congratulate Rositta's group** for winning this year's 'Battle Royal' with an average result of 17.71 points vs the 2nd placed 16.57 of Richard's group. Who knows; a bit of rest and relaxation whilst keeping up to date with current affairs, and maybe next term's crown could fall to Richard's group...or another?

Summer Summer Summer-Time

You will require little reminder from me that next year is such an important year for you all. The mantra for over the course of much of the pandemic has been to **"Stay at Home, Protect the NHS, Save Lives"**. As highly independent individuals, you all have a massive part to play in this. For most of you, YOU are responsible for your what you do, where you go and how interactive you are with those around. Moving forwards, I feel that your ability to continue with a careful approach to distance around others will not only genuinely protect yourself and those around you, but will also protect your ability to protect your education and ability to progress within your qualifications.

Continuity is the key to your studies. All of you will have found a very clear difference to your knowledge and understanding when on-site, versus that of working remotely. Without a doubt, we see the best of you when you are here, and we therefore would like to sustain this approach at every cost, however, your behaviors and approach to remaining safe are highly relevant factors that have a consequence when this is not achieved.

I really hope that you all succeed in detaching from the academic year over the Summer. That you enjoy the 'downtime' from yet another pandemic year and maybe enjoy an ice-cream or two!

PLEASE remain safe, PLEASE follow the guidance and PLEASE come back to us for your Lateral Flow Test on Friday 3rd September, to then start back on Monday 6th September at 8.30am. All details about registering for your LFT and the date of return can be found via the following link: https://www.kingshurst.tgacademy.org.uk/?wpfb_dl=348

STAY AT HOME 

PROTECT THE NHS
...and YOU

 **save lives**
